

The Taclobs in the Philippines

Dear Praying Friends,

September 2021

"Truly my soul waiteth upon God..." (Psalm 62:1). God is challenging us that in all seasons of life, what rest of heart He brings when we wait quietly on Him.

Is it exciting to have a part in reaching students for the cause of Christ?

Absolutely! Did you know that God gave us about 140 students in our Bible College this semester? What a humbling, exciting honor Atan has to have a small part in training young men and women for the ministry. Aside from several restricted-access countries and the war-torn country of Myanmar, God sent students from Bangladesh, Papua New Guinea, and of course, from our beloved Philippines.

Serving under Lockdown

Since March 2020 schools here have been closed, children almost entirely kept indoors, and now once again, churches shuttered. Children in Metro Manila haven't been allowed to go to church for these 1.5 years. Please pray that we will be able to worship in-person as a family once again.

Praises

~God sustained us through the 6 week physical storm and healed Rachel from her amoebiasis!
~God continues to give Rachel numerous opportunities to continue friendships with Ronna and Michelle, and Bible Studies are resuming this week with Ronna, Lord willing!

Prayer requests

~Wisdom for Atan as he teaches at the Bible College
~Growth and protection of our Bible College students
~Opportunities for evangelism and Bible Studies during our present restrictions
~Grace and creativity in raising children under extended lockdowns
~God's protection on our new little life He gave us.

Thank you for your prayers and encouragement! What a joy you are to us.

For His Glory in the Philippines,

Atan, Rachel, Hannah, Kara, Leah, and Little One Taclob
